Personal Interests - Willfulness to learn new skill and work as team,
Public Relation and Communication.

EXPERIENCE

2022 - 2024: Web Developer (Part-Time)

Company: Royal University of Phnom Penh – Faculty of Engineering

- Developed responsive web interfaces using HTML, CSS, JavaScript, and React.js.
- Built backend features with PHP and MySQL for student registration and scheduling.
- Assisted in database design and maintenance to enhance system performance.
- Fixed bugs, implemented updates, and added new features based on user feedback.
- Collaborated with faculty to ensure user-friendly and practical application design.

2023 - 2024: Software Developer (Full-Time)

Company: Hello Evolution Technologies Cambodia Co Ltd.

- Developed responsive web apps using React.js, Next.js, Tailwind CSS, and Material-UI with smooth cross-browser support.
- Built and integrated RESTful APIs with Express.js and Laravel for time tracking, event check-ins, and Laundry POS barcode scanning.
- Implemented real-time and geolocation-based attendance features using React Native and Express.js.
- Optimized performance through code improvements, cross-browser testing, and API testing with Postman.
- Worked with MySQL, MongoDB, to manage data efficiently and enhance application responsiveness.

2024 - Present: Core Banking Support (Full-Time)

Company: Advanced Bank of Asia Ltd. (ABA Bank)

- Managed the full customer account lifecycle, including opening, maintenance, closure, and KYC compliance.
- Handled daily banking transactions such as deposits, withdrawals, fund transfers, and international payments (RIA, MoneyGram, SWIFT).
- Oversaw interest, fees, and charges management, including automated loan/deposit interest and transaction fee processing.
- Monitored Oracle Flexcube core banking system performance, performed daily system checks, and resolved operational issues.

- Provided training to new users and created support documentation including user guides, FAQs, and troubleshooting manuals.
- Investigated and resolved account balance, interest, and statement discrepancies to ensure data accuracy.
- Supported system integration with platforms like mobile banking, payment gateways.
- Diagnosed and resolved integration issues in collaboration with vendors and internal IT during upgrades and patches.
- Participated in testing new system features to ensure functional readiness and stability before deployment.

EDUCATION

2021 – 2024 : College Graduated in Information Technology Engineering at Royal University of Phnom Penh

2018 – 2020 : Graduated High School Diploma at Hun Sen Khla Kon

2015 – 2017 : Graduated Junior High School at Hun Sen Khla Kon

INTERETS/OTHER

- Entertaining friends, traveling, reading, sport, camping
- Listening music and watching movies.
